

# LAFOMED

## PREMIUM B CLASS AUTOCLAVES

RAISING THE BAR ON STERILISATION

# REDUCE THE COSTS ASSOCIATED TO STERILISATION IN YOUR PRACTICE

The LAFOMED Premium range of autoclaves are designed for safety, reliability and return on investment for your practice. Our goal is to lower the costs associated to sterilisation and to make the process easy and trouble free.

With a low initial cost, guaranteed reliability, low cost servicing and low running costs, the LAFOMED Premium range of autoclaves really do offer the best return on investment in the industry.

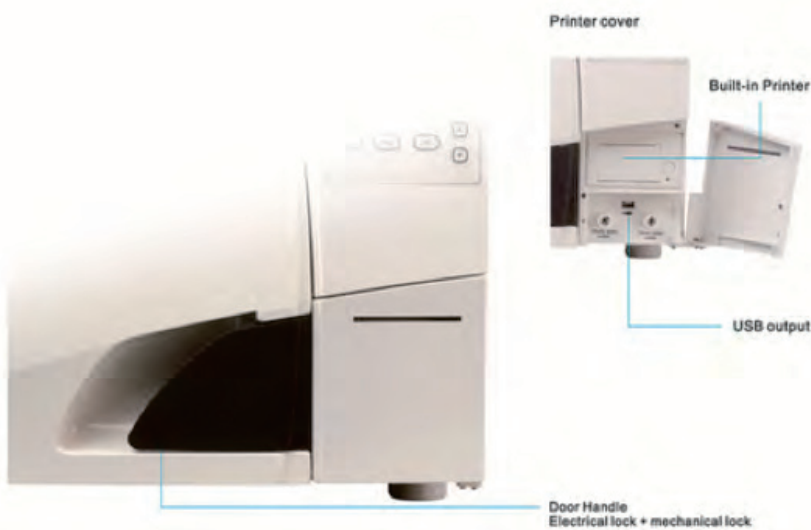

# SIMPLE AND EASY TO USE WITH ALL THE FUNCTIONALITY YOU NEED

The LAFOMED Premium range of autoclaves have been designed with ease of use in mind.

Class B Autoclaves meeting the most stringent requirements for all types of hollow and wrapped loads.

The LAFOMED Premium's simple to navigate menu allows the user to quickly and easily actuate a cycle by using any of the 8 pre-set cycles, selecting the quick start cycle feature or selecting a user defined customised cycle preset.

No need to choose between an in-built printer or USB storage as the LAFOMED Premium autoclaves come with both. This allows the user the simplicity of a printed docket as well as the convenience of an electronic backup that can easily be uploaded to your PC/Mac.

# BULLETPROOF THOMAS PUMPS THAT ARE BUILT TO LAST, ENSURING RELIABILITY

By using best in class, industry leading components the LAFOMED Premium autoclaves are able to guarantee reliability.

German brand Thomas Pumps are specifically used in all the LAFOMED Premium machines as they are the Gold standard in vacuum pumps.

The quality of components used does not end there.

The LAFOMED Premium autoclaves also feature a built in water conductivity meter which prompts the user if/when the water used is of substandard quality - enabling them to empty/drain the machine and refill without causing damage.

This important feature along with numerous filters, high quality valves and ULKA water pumps ensures that your autoclave won't miss a beat.

**THOMAS**

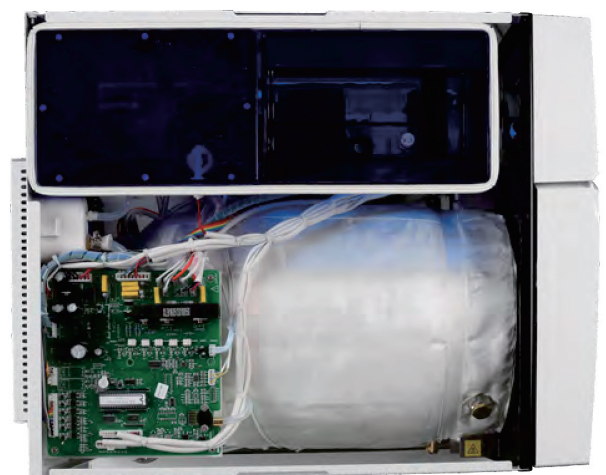

# LONGEST WARRANTY ON THE MARKET FOR ABSOLUTE PEACE OF MIND

The one piece solid stainless steel chamber carries a lifetime warranty.

The easily accessible large tank cover makes it easy to fill and clean the water tank as required.

The industry leading 2 year standard parts and labour warranty (with the option to extend to 5 years) stands testament to our faith in the quality of the LAFOMED Premium range of autoclaves.

Accessibility for servicing has been taken into consideration with it's 3 piece cover design, allowing easy access to all parts for quicker and easier servicing which in turn, reduces labour service costs.
